

# 1CB

## Astroline Wood Stoves

With superb modern styling, the Astroline 1CB takes the design of cast iron stoves into the 21st Century. The high elevations not only represent a style statement but they also permit extra heating capacity, as logs up to 37.5cm in length can be positioned in a 'wigwam' shape and provide up to 10kW of warmth; ideal for larger, open plan living spaces.

Further, the Astroline 1CB features all of Dovre's latest cleanburn technology, including a secondary combustion system to reduce soot emissions and to improve fuel efficiency, whilst a powerful airwash system helps to keep the huge ceramic glass panel clean. Together, they create exceptional flames and a wonderful view of the fire.

- All cast iron construction
- Woodburner
- Cleanburn and Airwash system
- Maximum heat output: 10kW
- High efficiency: up to 78%
- Top or rear flue exit
- Flue diameter: 150mm
