

Multi-fuel version of Stockton 7 in Metallic Brown.

STEEL

Stockton 7

The Stockton 7 is beautifully proportioned and is a very popular model for medium to larger rooms. Not only an attractive piece of furniture, but when lit it also offers significant heating potential (up to 7kW) whether burning wood or solid fuel. When burning wood, it can take logs up to 12^{3/4}" (325mm) in length.

Steel stoves

Wood and multi-fuel

Using cast iron for the airtight doors and main firebox components and heavy gauge steel for the body, the Stovax Stockton and View stove ranges combine the advantages of both steel and cast iron to produce exceptional performance, control over combustion and value for money.

Stockton Stoves

With eight sizes, each available in four colours, and some models having a further choice of door styles and canopies, there is a Stockton stove to suit any home. Furthermore, there are inset versions, double sided versions and even boiler versions, so whether traditional or modern, large or small, in country or town, burning wood or solid fuel you should find a Stockton to match your setting.

View Stoves

The View stoves are the latest additions to the Stovax ranges. Available in a choice of three freestanding sizes and an Inset version, the View offers high efficiency heating in ultimate style - perfect for more contemporary homes! You can even achieve whole house heating if you opt for View 7 Inset or View 8 High Output boiler versions, with the capability of supplying up to nine radiators as well as providing a cosy warmth to the room in which they are situated.

Stockton 6

View 5

Stunning flame effects due to Cleanburn technology

The triple air systems incorporated in Stockton and View stoves combine to provide superb flame control and exceptional views of the fire, so you can also create different ambiances to suit your mood. From a deep glow, with minimal flames, it takes only a few seconds to fill the firebox with swirling flames.

Design Features

- 1 5mm heavy duty steel body.
- 2 Cast iron airtight door with primary air control lever.
- 3 Cast iron fireback incorporating heat exchanger for Cleanburn system.
- 4 Heated air jets from Cleanburn ports burn hydrocarbons in smoke.
- 5 Airwash control lever to maintain a cleaner glass window.
- 6 Riddling (multi-fuel versions).
- 7 Top or rear flue exit connecting to stove flue pipe.
- 8 Firebrick lining.
- 9 Specially developed, inset boiler versions of Stockton and View also available (not illustrated).
- 10 Universal tool (not illustrated). This fits over the stove handle to provide additional leverage and easier usage when the handle is hot.
- 11 Cleanburn air control ports (not illustrated). These are on the rear of the stove and pre-set in the factory.
- 12 Optional smoke control kit (not illustrated) available on most models to allow them to be used in smoke control areas.
