

Stockton 7 Inset Convector with flat top, shown here in Matt Black burning logs.

Design Features

- 1 5mm heavy duty steel body.
- 2 Easy fit flue connection through stove.
- 3 High density, thermal brick liner system.
- 4 Cast iron air-tight door with primary air control lever.
- 5 Airwash control lever to maintain a cleaner glass window.
- 6 Heated air jets from Cleanburn ports burn hydrocarbons in smoke.
- 7 External riddling lever.
- 8 High output boiler version also available.

STEEL Stockton 7 Inset Convector

The Stockton range has been developed to offer you an inset convector fireplace with most of the heating advantages of a freestanding Stockton stove. With its cleverly designed Cleanburn and convection systems, the Stockton 7 Inset Convector is around 4 times more efficient than an open fire; giving you greater control of combustion, more heat for your money and lower fuel costs. There is also an integral boiler version which produces up to 30,000 BTU's of hot water (see pages 66 - 69).

Key Facts

High efficiency	up to 87%
Multi-fuel (with external riddling)	✓
Approved for Smoke Control Areas*	✓
Cleanburn	✓
Airwash	✓
Radiant heat + convection systems	✓
Flat top and low canopy versions	✓
Maximum heat output	7kW
Maximum log length	12 3/4" (325mm)
Integral Boiler version (see page 86)	✓
Flue outlet	5" top
Choice of four colours	✓

* When fitted with a Smoke Control Kit.

Steel stoves

Wood and multi-fuel

Using cast iron for the airtight doors and main firebox components and heavy gauge steel for the body, the Stovax Stockton and View stove ranges combine the advantages of both steel and cast iron to produce exceptional performance, control over combustion and value for money.

Stockton Stoves

With eight sizes, each available in four colours, and some models having a further choice of door styles and canopies, there is a Stockton stove to suit any home. Furthermore, there are inset versions, double sided versions and even boiler versions, so whether traditional or modern, large or small, in country or town, burning wood or solid fuel you should find a Stockton to match your setting.

View Stoves

The View stoves are the latest additions to the Stovax ranges. Available in a choice of three freestanding sizes and an Inset version, the View offers high efficiency heating in ultimate style - perfect for more contemporary homes! You can even achieve whole house heating if you opt for View 7 Inset or View 8 High Output boiler versions, with the capability of supplying up to nine radiators as well as providing a cosy warmth to the room in which they are situated.

Stockton 6

View 5

Stunning flame effects due to Cleanburn technology

The triple air systems incorporated in Stockton and View stoves combine to provide superb flame control and exceptional views of the fire, so you can also create different ambiances to suit your mood. From a deep glow, with minimal flames, it takes only a few seconds to fill the firebox with swirling flames.
